RECOMMENDATIONS

"I fell in love with Royal Crown Derby as soon as I saw them as they fitted in well with the surroundings of the hotel. It's really impressive that the plates are 18 months old and still look brand new".

JAMIE WELCH, EXECUTIVE CHEF, MARRIOT COUNTY HALL

"I always liked the Royal Crown Derby classic look and the feel of fine bone china which gives an uplifting dining experience, due to its finesse, light weight and sophistication not to mention its durability."

CHEF VIVEK SINGH, CINNAMON KITCHEN

"The delicate design adds that finishing touch to our high-end product, adding a sense of occasion and class to service. The product is very durable and takes whatever we throw at it."

ROB DRAPER, HEAD CHEF AT WARWICK CASTLE

"We found the design archives really inspirational, especially the designs from 1919 which is when Bettys was founded. The design we have used on the bone china for Lady Betty Afternoon Tea is based on the hand illustrations and delicate patterns of the period.

We were extremely impressed with the demonstration of how strong bone china is. Royal Crown Derby's technical expertise and testing-in practice assured us of the durability of the range."

REBEL

Rebel sets a new standard in luxury dining by turning its back on convention and delivering English fine bone china with an industrial-chic twist. Developed by Alchemists for over 4 years, every piece is dusted by hand with Royal Crown Derby's secretive 'dragon skin powder'. The result is as visually striking as it is original.

Endless depth of pattern and vivid colour spectrums provide a playground for the culinary artist where expression and individuality rule. For the diner, this collection is designed for the memory (and for that perfect Instagram shot).

Rebel brings a fresh perspective to the tabletop theatre by daring to be different, whilst retaining Royal Crown Derby's pedigree of unrivalled style and performance.

Rebel is tableware that refuses to conform.

CRUSHED VELVET

Inspired by the elegance & grandeur of crushed velvet, this collection has been purposefully designed to accentuate food to provide maximum visual impact. The balanced use of texture, colour, pattern and proportion creates a backdrop which vividly differentiates food, yet does not overwhelm. Select pieces have full cover decoration which are perfect for elevating all variants of afternoon tea, where food styling options can be limited and visual impact is often lost.

This contemporary collection is presented in three stylish colourways which have been carefully selected to look equally spectacular when mixed or served individually. An optional 22ct gold finish can be hand applied to add an extra level of opulence.
