Our soulful knife bringing a special extra to your routine

WÜSTHOF AMICI - ENJOY SHARING

Inspired by memories of family and friends gathering al fresco in the Italian countryside, WÜSTHOF Amici celebrates a simpler life. It is a life connected to nature, love of good food, and affection for all we invite to the table.

This sculpted, forged blade is paired with a uniquely variegated olive wood handle – no two are the same. Amici brings together a gracious Mediterranean lifestyle and old-world craftsmanship, creating a soulful reminder to cherish life's precious moments. Benvenuti Amici!

Amici Chef's Knife

HOLLOW EDGE

Small air pockets are created by the dimples or indentations on the blade. These have a positive effect so that thin slices and soft, sticky food items are easier to remove from the blade.

PRECISION DOUBLE-SERRATED EDGE

The bread knife with a unique double-serrated edge cuts hard crusts just as easily as soft bread or large fruits, such as melons. From the very first time you use it, you can feel the difference compared to traditional serrated edges.

FULL BOLSTER

The full bolster reliably protects the fingers when preparing and plating fresh food, creating balance to make agile and precise work easier.

FULL TANG

As an extension of the blade, the tang gives the forged knife reliable stability. It also ensures good balance by acting as a counterweight to the blade.
